Apex Athletic footwear is designed to prevent injuries and provide quick, comfortable relief from pain and discomfort to help you lead a healthy and active lifestyle.

**Molded External Heel Counter**
For supported rearfoot control

**Padded Collar & Tongue**
Provides cushioned comfort and prevents heel slippage

**Biomechanical Footbed**
Contoured EVA insole provides support, cushioning and shock absorption

**Customization**
The added EVA insole allows you to easily customize the comfort and fit of the shoe by trimming the insole at the areas of pressure. The insole may also be fully removed for additional depth.

**Molded External Heel Counter**
For supported rearfoot control

**Triple Density Sculpted Midsole**
Designed to preserve balance between your body and ground forces
Apex Running and Walking footwear are constructed with the most advanced technological features and represent the highest standards in performance and comfort. Innovative features are meticulously built into these extraordinary shoes to offer midfoot and rearfoot stability, pressure relief to the calcaneus, and shock attenuation for the foot and musculoskeletal system.

The multiple removable layers, soft linings and wide last design offer protection, fitting flexibility, and the accommodation of orthotics and shoe modifications. Often recommended for people with diabetes, arthritis or anyone seeking shoes for maximum comfort.

14 • Apex Foot Health & Wellness
Stability
Hidden depth sole design with raised sidewalls and firm heel counters.

Protection
High, wide toe boxes and soft, safe linings help protect the foot from injury.

Cushioning
Removable orthotics and polyurethane outsoles absorb shock forces and provide cushioning.

Depth
Multiple removable insoles provide a 1/2" of removable depth for maximum protection and fitting flexibility.

SmartGrip™
Polyurethane sole for safety and stability.

Fit
Straight last design, with multiple removable insoles ensure a proper fit for all foot types.

Customization
The added EVA insole allows you to easily customize the comfort and fit of the shoe by trimming the insole at the areas of pressure. The insole may also be fully removed for additional depth.

Designed by a team of doctors and pedorthists to provide superior comfort and protection for those with diabetes, arthritis or painful foot conditions.
Designed to limit stress at the areas of the foot most susceptible to pain. YOU DON’T HAVE TO FALL!

Falls among our senior population is a little-known secret in healthcare. Most people who are having balance problems believe that falling is just a part of getting older. They keep it secret from family, friends and doctors for fear of losing their independence. Then they have a really bad fall and break their hip…or worse.

- One in three Americans aged 65 or older falls each year
- Every 11 seconds, an older adult is treated in the emergency room for a fall
- Every 19 minutes, an older adult dies from a fall
- Falls are the leading cause of death from injury among Americans age 65 or older

ARE YOU AT RISK FOR FALLING?

Ask your doctor about the MOORE BALANCE BRACE and request a fall-risk assessment today!

Visit www.myfallrisk.com to locate a practitioner near you with experience in fall-risk prevention.
UNSTEADY ON YOUR FEET?

The Moore Balance Shoe (MBS) is the first-ever footwear scientifically designed to reduce one's risk of falling*.

Features of the Moore Balance Shoe include:

1. Heel Counter Loop for easy donning
2. Firm, adjustable heel counter with convenient Velcro® strap closure (AFO feature)
3. High, padded heel collar for comfort and added support
4. Extended tongue opening for easy AFO fit (AFO feature)
5. Combination Lycra®/washable synthetic leather upper is lightweight and accommodating
6. Textured insole provides proprioceptive sensory feedback for polyneuropathy
7. Extra depth with removable spacer for fitting customization
8. Firm, supportive midsole
9. Low-profile heel for maximum postural stability

- Increased toe spring and smooth outer sole for trip avoidance
- Slip-resistant sole
- Meets standards for coverage under Medicare’s Diabetic Shoe Program

CONFORM INSOLES

Anti-Shox® Conform Insole Orthotics and Conform Insoles with Gel are comfortable, lightweight orthotics that absorb shock and mold to your feet for unsurpassed comfort and protection.

*Apex Conform Insoles are NOT covered by Medicare.*
*For orthotics covered by Medicare, please see page 40.*

APEX CONFORM INSOLES

40664

The Plastazote® top cover conforms to accommodate pressure "hot" spots, making this insole recommended for diabetic and arthritic patients.

MEN’S SIZES: 6-16 (WHOLE SIZES ONLY)
WOMEN’S SIZES: 4-13 (WHOLE SIZES ONLY)

APEX CONFORM INSOLES WITH GEL

40665

The insoles feature state-of-the-art gel technology for extra protection at the areas most susceptible to pain. The Plastazote® top cover conforms to accommodate pressure “hot” spots, making this insole ideal for diabetic and arthritic patients.

MEN’S SIZES: 6-16 (WHOLE SIZES ONLY)
WOMEN’S SIZES: 4-13 (WHOLE SIZES ONLY)
PREFABRICATED ORTHOTIC SUPPORTS

DYNAFLANGE™
The Greatest Advancement in Orthotics in 60 Years
The patented DynaFlange® represents a profoundly new approach to prefabricated orthotic supports. This device dynamically manages motion with every step. Enhanced shock absorption means greater comfort, especially when standing for long periods on hard surfaces.

FEEL THE SCIENCE...
Healthcare professionals prescribe Dynaflange® to treat the following conditions:
• Equinus
• Apropulsive gait
• Plantar fasciitis
• Ankle instability
• Pronation & supination
• Heel, hip, knee and lower back pain
... And because they just feel great!

REDUCED IMPACT FORCES
Enhanced shock absorption means greater comfort - especially when standing for long periods on hard surfaces.

DYNAMIC ENERGY RETURN
The patented rearfoot flange flexes during heel strike, storing energy that is released during the subsequent phases of gait, efficiently positioning the foot for optimal propulsion. DynaFlange® does the work so you don’t have to!

POSTURAL EFFICIENCY
DynaFlange® orthotic supports improve center of pressure and stability through all phases of the gait cycle which results in improved posture while standing, walking or running.

**Order a Free Starter Kit!**

One carton (10 pair) of 1124 Foamart with shipping labels and order forms.
(Item # 5DCUSTKIT)
When taking a negative impression of a patient’s foot, there is no system that can match the convenience and accuracy of Foamart Foot Impression Kits. In just seconds, a technician can take an impression of the patient’s foot that will accurately match its size, shape and arch. Foamart is the highest quality foam available and will not crack during or after an impression. Available in convenient self-mailer boxes or in bulk form. Foamart comes in two sizes - standard (12”) and long (14”).

APEX® HARRIS MAT SET
1110
The set includes the imprint mat, paper, ink and roller. Produces weight-bearing imprint of the foot, thereby measuring pressure disbursement and arch shape. Ink, paper, mat and roller also sold separately.
See price list for details.

THERMOTHOTIC™ MOLDING KITS
Ther moth otic Molding Kits offer a very easy, effective and quick system to heat mold inserts to properly achieve total contact with your patient’s foot. The kits include a unique polyurethane molding pillow which allows your patients to remain seated throughout the molding process, easily molding the orthotic to each arch to achieve total comfort.
Ther mothot ic Molding Kits include ThermoGloves, silicone oven liners, a timer, thermometer and two molding pillows.

THERMOTHOTIC MOLDING KIT
TMMK

APEX® FOOT MEASURING SYSTEMS

1131

Accurately measures heel-to-toe length, heel-to-ball length (1131 only), and width of the foot. One device now available for both men and women. Individual men’s, women’s and children’s devices also available.

APEX® BUNION NIGHT SPLINT

Apex Bunion Night Splints help keep your big toe aligned and comforts pain caused by bunions. The soft bumper pad cushions the big toe, while the hook-and-loop strap strap acts as a lever to gradually align the big toe, relieving discomfort. Apex Bunion Night Splints should be worn at night.
